Bethel Confirmation Course Registration

For each section, please indicate the class you want to register for by listing the course number and the course name. Please also to make sure to give a first, second and third choice to ensure you getting a class that you would like (that is not necessary for self-study courses). Finally, if you wish to register for a second class in one of the three units (we cannot guarantee that you will get into your second class, but we will try), make sure to check the "Two classes this unit" line in that Unit Section.
