10th Anniversary Congregational Challenge

The effects of the Chernobyl nuclear accident 25 years ago have had lasting implications on the people of Chernobyl. For 10 years this golf outing has provided support to improve the health and well-being of children in the Borodyanka community. In this 10th anniversary year, there is a special challenge to continue to expand dental service to these children. Each \$100 provides a child with a full year of dental treatment. We encourage you to consider additional donations this year in recognition of this 10th anniversary.

CHILDREN OF CHERNOBYL - CIRCLE OF LOVE -

Since 2000, Bethel has hosted a small delegation of children from Borodyanka, Ukraine – near the site of the Chernobyl nuclear accident – for six weeks in the summer. During their stay with Bethel families, they receive medical, vision and dental treatment, attend English classes, and go on trips to experience Noah's Ark and Bethel Horizons.

The Circle of Love project is primarily funded by Bethel's annual golf outing. Money raised is used to sponsor the children from Ukraine. In addition, funds are used to improve the dental care in the Borodyanka community by providing equipment, education and treatment, as well as shadowing opportunities with Madison area dental professionals.
